8:45 approx. Arrive home, clean busses, go home,

Dear Parents,

- All Students need to make sure that their uniforms are hemmed properly.**

We have some pants way to long and some way to short. There are enough problems that it was noticed by the judges and mentioned at the contest on Monday

- Please have all shirts paid for by Saturday.** Once we have covered the cost of the first order I will place another order of shirts that will be available for sale.
- Report Friday at 1:30** for practice and pep-rally.
- Report again Friday at 5:00** for game preparation.

Our band has been improving, but more students need to be practicing at home on their own. Please make sure your student is reviewing their music at home and improving their own performances. We have MANY students that are working before school, after school, and at home. If we are really going to reach our highest level of performance, then each student needs to improve on their music individually so we can continue improve as a group. That is how we will reach our highest level.

Thank you for all of your students, for the most part they are hard working and are talented musicians. There is a lot of potential for success ...lets work to exceed that potential.

Mr. Wilson

Please sign and return for verification of receipt and note if you can chaperone this weekend.
